FOUNDATION OF 2027

We are not hoping people show up. We are building **three parallel distribution systems** that feed each other.

A. CONTENT DISTRIBUTION

- 50 influencers across Tricity (business, tech, lifestyle, events).
10 media pages across tricity
- Target: 2M+ combined reach by March 2027.
- Channels: Instagram (daily reels/stories), LinkedIn (founder spotlights), YouTube (long-form), WhatsApp/Telegram (community alerts).
- Owned media first. External media partnerships are amplification, not dependency.

B. MONEY + SPONSORSHIP DISTRIBUTION

15,000+ Members: Active founders and entrepreneurs till February 2027
11,000+ startup database.
20+ incubator relationships.
10+ networking groups (TiE, BNI, JITO, Headstart, Angel Networks).

C. STARTUP + COMMUNICATION DISTRIBUTION

- **Founder Community (BOC):** 5,000+ members in next 3-4 months. 1:1 connections and referrals are the growth engine.
- **Campus Clubs (BOCC):** 20+ colleges in 6 months. Pipeline from idea MVP launch investor pitch. Only product/tech startups. No service agencies.
- **40+ Events:** Year-round engagement through meetups, workshops, and startup events. 3 Events Every Month: 1 workshop, 1 meetup, 1 big event (virtual or physical) 50-100 Startups Involved in Each Event: Creating a self-sustaining ecosystem.

About Business Orbit

Business Orbit has been actively building Chandigarh's startup and business networking ecosystem for the past year. With a strong focus on creating meaningful connections among founders, entrepreneurs, investors, professionals, and students, the community has established a growing network across the Tricity region.

The team has experience organizing and managing a wide range of events, from cultural festivals to corporate networking sessions. We have also been involved in the execution of large-scale events, including the Himachal Fashion Fest and concerts featuring renowned artists.

Business Orbit has planned to organize 40+ events by March 2027, and has already successfully hosted 10+ events, bringing together entrepreneurs, professionals, and ecosystem stakeholders.

In 2026, Business Orbit had planned to organize a Startup Mela with a vision similar to Startup Mela 2027. Although the event was cancelled two days before its scheduled date due to internal and administrative reasons, the experience provided valuable insights into planning, operations, and execution. Building on those learnings, the team is now committed to delivering a larger, stronger, and more impactful Startup Mela in 2027.
